

ARTSHED at home! COLLAGE

Make a masterpiece with collage and colour!

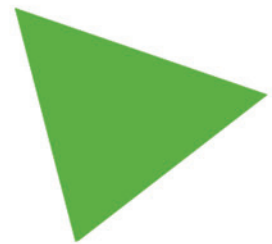

YOU WILL NEED:

Coloured card or paper (if you don't have any, paint some paper!)

Scissors

Glue

White or coloured card to mount on

Start by thinking of a theme for your collage, perhaps your favourite animal?

Your favourite place, the beach, a pretty garden, or the jungle?

If you can't think of a theme, choose your favourite colours and go abstract!

Create your collage by drawing with scissors, no pencils allowed!

Cut your shapes from your coloured card. Use the surrounding shapes or invent your own!

Stick your shapes on your white card.

Make your pictures as colourful and abstract as possible!

When you've finished, post your masterpieces on social media and tag us, so we can share your creations!

TIP: Why not show the kids some pictures online of Henri Matisse's

famous collages for inspiration!
